NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 1987

1. STATUS OF THE BRANCH

The Liquor Distribution Branch obtains its authority for operation from the Liquor Distribution Act which was administered by the Ministry of Consumer and Corporate Affairs until November 6, 1986. On this date, a reorganization of the Government of British Columbia resulted in the formation of the Ministry of Finance and Corporate Relations which was given the responsibility of administering the Liquor Distribution Act. As stated in Section 2 of this Act, the Branch has the sole right to purchase both in and out of the Province liquor for resale and reuse in the Province in accordance with the provisions of the Importation of Intoxicating Liquors Act (Canada).

2. SIGNIFICANT ACCOUNTING POLICIES

As prescribed by Section 18 of the Liquor Distribution Act, the financial statements of the Branch are prepared in accordance with generally accepted accounting principles.

The financial transactions of the Branch are also included in the financial statements of the Combined General Fund and Special Funds of the Government of the Province of British Columbia. The amounts are adjusted for differences in the accounting policies of the Branch from those of the Government.

Significant accounting policies followed in the preparation of these financial statements are:

a) Inventories are valued at the latest landed cost.

b) Fixed assets are depreciated on a straight line basis as follows:

Buildings	- 7½% per annum
Leasehold Improvements	- a minimum of 10% per annum or a rate sufficient to write off the cost over the remaining life of the respective lease.
Furniture, Fixtures, Vehicles & Equipment	- 25% per annum.

4. SALES

The Branch is responsible for sales of liquor in the Province. The majority of liquor is sold by the Branch itself; however, the Branch has authorized manufacturers in certain situations to sell directly to licensees and consumers.

Exhibit E

4. SALES — *Continued*

The Branch has authorized the brewers' agent to sell directly to licensees, licensee retail stores and agency stores. The Branch has also authorized brew pubs to manufacture and sell directly to the public. The Provincial Malt Levy reported on the income statement represents the margin on these sales.

The Branch has agreements with commercial wineries which allow them to sell directly to the public. Sales by these commercial wineries as reported above will decrease as they enter into consignment agency contracts with the Branch. This will result in the inclusion of the commercial winery sales in the sales of the Branch.

Total sales of liquor in the Province do not include subsequent resale by licensed establishments.

5. COMMITMENTS

a) Federal Taxes

The Branch maintains inventory in its bonded warehouse for which Federal Taxes have neither been paid nor recorded. As at March 31, 1987, the future liability for these taxes approximates $8,000,000. These taxes are payable when inventory is shipped from the bonded warehouse.

b) Lease Premises

Total commitments as at March 31, 1987 for lease of premises are as follows:

Year ended March 31, 1988	$ 7,513,000
1989	6,752,000
1990	6,109,000
1991	4,982,000
1992	3,730,000
Subsequent years	11,600,000
TOTAL	$40,686,000

6. CONTINGENCIES

Agents' Stocking Program

The Branch has authorized suppliers' agents to import and warehouse liquor for subsequent resale to the Branch. Under this arrangement, the Branch has a contractual obligation to purchase all inventories held by the agent should he opt out of the program. The obligation of the Branch should all agents choose to terminate their contracts, totals approximately $24,000,000 for agents and $13,000,000 for federal taxes as at March 31, 1987.

7. SUPERANNUATION FUND

The Liquor Distribution Branch is an approved employer under the Pension (Public Service) Act. Eligible employees of the Branch contribute to the Public Service Superannuation Fund at a rate of 4.25% of pensionable salary up to the year's maximum pensionable earnings as defined in the Canada Pension Plan and at a rate of 5.75% of pensionable salary in excess of the year's maximum pensionable earnings. An additional 1.25% of pensionable salary is deducted and used to finance the payment of cost-of-living supplementary allowances. In addition to matching the employees' contributions, the Branch contributes an additional 2.5% of pensionable salary for basic pension benefits.

An actuarial evaluation of the Public Service Superannuation Fund was made at March 31, 1984. Details of the unfunded liability are described in the Public Service Superannuation Fund financial statements included in the Public Accounts. The portion of the unfunded liability attributable to the Liquor Distribution Branch was not determined by the actuary.
